**Press Release (3.11.2022)**

### **SCTIMST opens a new patient friendly 'Web Portal'**

A new web portal was launched on 02.11.2022 at SCTIMST, to enable convenient and easy access to hospital services including follow up reviews. This will be a self-service platform which will help patients to request for new registrations, fix review appointments, make online payments for services, request for certificates, download discharge summaries, investigation reports, as well as prescriptions. The portal will also enable telephonic and video consultations. User friendly 'Mobile Application' of this portal will be available on Google play store shortly.

Portal can be accessed using the link <https://patientportal.sctimst.ac.in>.
