

## **Smrithivanolsav 2024**

The Smrithivanam project aims to plant a sapling by a retiring employee as reminiscence from the Institute and also farewell to the incumbent. In the framework of this phenomenal project, a saplings plantation program has been conducted on 24.01.2024 as Smrithivanolsav at Biomedical Technology Wing, Poojappura. This event was planned to be celebrated as a reunion of retiring employees who had planted the saplings in Smrithivanam. The personnel of Biomedical Technology Wing, Hospital Wing, AMCHSS and staff about to superannuate in 2024 have partaken in the event. The event was led by Smrithivanam committee.

The program has started with the prologue of Mr.Sajithlal MK, Chairman, Smrithivanam Committee [Engineer-F, Division of Engineering Services, BMT Wing]. He welcomed all the participants and elucidated the objectives of Smrithivanam project.

Prof. Sanjay Behari, Director, SCTIMST has extended thanks to the retiring employees for their services rendered and wished them an enjoyable life ahead with health, happiness, success and prosperity. He mentioned the retiring staff hardwork, dedication, achievements and enthusiasm has brightened the workplace that which may never be matched. The superannuating staff expertise and guidance is eminent and that has been instrumental in our institution success he further added. He specified retirement is an important milestone to commemorate and asserted their service towards institute will cherish forever.

Dr. Ajith Kumar V.K. (former Director, SCTIMST) has extolled the superannuating staff for the remarkable services in SCTIMST. He memorized the moments with the staff and mentioned retirement is the beginning of a new chapter and wished them a pleasant life. He explained that only after retirement, one will realise the worth of career in the Institute and the bondage developed over a period of time.

Dr. Harikrishna Varma P.R (Head, BMT wing) has specified that all the retiring staff has left an indelible mark in their work. He mentioned that the accolades they had earned, leadership and proficiency will always reflect in our future novelties. He lauded their tremendous service for the enhancement of SCTIMST.

Dr. RupaSreedhar, Medical Superintendent, SCTIMST, has complimented the superannuating staff for their dedicated services and valuable contribution to SCTIMST. She specified their work has brought discernible changes in institute and will be remembered eternally.

The superannuating staff have travelled down the memory lane and shared their experiences that inspired colleagues and others. They expressed their felicity for working in such eminent institution and conveyed their gratitude towards colleagues for supporting them throughout their service.

The esteemed dignitaries of the program have distributed plants to retiring personnel as remembrance. The retiring employees have planted the saplings at designated areas in smrithi vanam. As a gesture of appreciation, gifts are bestowed to landscapers of smrithi vanam for safeguarding and nourishing it from the day of its establishment.

All the participants of the program have wished the retiring staff good luck and success in their future endeavours and greeted them by a thunderous round of applause. The program concluded with vote of thank delivered by Shri. Vinod. D, Sr. Technical Assistant (Lab), Biochemistry.
