

## CMR MADE EASY 2018 WORKSHOP

The department of IS and IR has conducted a workshop in cardiac imaging from October 8-10, 2018. The workshop was conducted in collaboration with Royal Brompton College, London. 20 selected candidates from all over India took part in workshop which was first of its kind in India with a foreign collaboration.

The workshop constituted 60 MRI cases processed in separate high end personal computers. Workshop was conducted by Professor Dudely Pennel, Dr Anita Varghese, from Brompton college, Dr Binu krishnan from Liverpool Heart & Chest Hospital and our faculties (Dr. Kapilamoorthy, Dr. Anoop, and Dr. Jineesh) of IS and IR. In addition, Professor Dudely Pennel, delivered two lectures on indications of cardiac imaging and diffusion tensor imaging for the cardiac fraternity of the institute.

The participants were allotted 19 credit points of Royal College of Radiology as certified by the fellow of royal college, Dr. Binu Krishnan. The workshop was level 1. As the workshop has generated great interest in the participants we are looking forward to organise a level 2 of workshop in the future.
